Preface

Statement of the National Council on the Arts on Goals and Basic Policy of the National Endowment for the Arts

The National Endowment for the Arts, an independent agency of the federal government, was created in 1965 to encourage and assist the nation's cultural resources. The Endowment is advised by the National Council on the Arts, a presidentially appointed body composed of the Chairman of the Endowment and 26 distinguished private citizens who are widely recognized for their expertise or interest in the arts. The Council advises the Endowment on policies, procedures, and programs, in addition to making recommendations on grant applications.

This statement of the goal of the National Endowment for the Arts, its role and responsibilities in the artistic life of the nation, is rooted in certain fundamental convictions.

These include the belief that there is a response to the world which may be termed aesthetic awareness, a distinctive perception of the aesthetic dimension of our physical and social environment.

This perception is unique to humankind and has existed as a fundamental part of all human societies from the earliest times. It is through the various arts that this perception of the world is sharpened, enlivened, expressed, and developed as a celebration of life in all its forms.

Cultivation of this awareness is a societal good as it quickens the experience of life and enhances its quality. Thus, the condition of the arts is an appropriate concern of the people and hence a proper concern of government. In recognition of this fact, the National Endowment for the Arts was created.

It is not the intention of this statement to define "art." The term is to be understood in its broadest sense; that is, with full cognizance of the pluralistic nature of the arts in America, with a deliberate decision to disclaim any endorsement of an "official" art and with a full commitment to artistic freedom.

The goal of the Endowment is the fostering of professional excellence of the arts in America, to nurture and sustain them, and equally to help create a climate in which they may flourish so they may be experienced and enjoyed by the widest possible public.

Within this goal there are five basic policies which include the following:

I. Individual Creativity and Excellence

To foster creative effort by individual artists:

- A. through support for individuals, including non-institutional ensembles, of high artistic talent and demonstrated commitment to their field within the arts;
- B. through support of training and development of individual artists.

II. Institutional Creativity and Excellence

To foster creative effort and the development of excellence in the arts in America:

- A. through support of institutions for projects and productions of substantial artistic significance, originality, and imagination;
 - B. through development of staff resources and through support of service organizations that provide technical and informational assistance to artists and institutions for the pursuit and achievement of standards of professional excellence in the arts.
-

**Statement of the
National Council on the Arts on
Goals and Basic Policy of the
National Endowment for the Arts,
continued**

III. The Living Heritage

To preserve the artistic birthright of present and future generations of Americans by supporting survival of the best of all art forms which reflect the American heritage in its full range of cultural and ethnic diversity.

IV. Making the Arts Available

To insure that all Americans have a true opportunity to make an informed, an educated choice to have the arts of high quality touch their lives so that no person is deprived of access to the arts by reason of:

- Geography
- Inadequate income
- Inadequate education
- Physical or mental handicaps
- Social or cultural patterns unresponsive to diverse ethnic group needs.

V. Leadership in the Arts

With responsiveness to the needs of the field, to provide leadership on behalf of the arts:

- A. through advocacy and cooperation with other governmental agencies, on all matters relating to the arts;
- B. through advocacy with private institutions to stimulate increasing support for the arts from the private sector;
- C. through exploration of effective ways in which the arts may be used to achieve desirable social ends;
- D. through enlargement of the public's knowledge, understanding, and appreciation of the arts.

In carrying out these policies, reliance on the tested principle of review by peer panels is critical. To draw upon the judgment and experience of individual artists and other professionals in the arts—particularly those on the National Council, its committees, and the Endowment panels—is essential to establishing policies and making informed decisions in support of the arts.

The principle that financial support from the Endowment be matched by non-federal monies is also central to the manner in which these policies are carried out. While strongly affirming the value of the matching principle, the Endowment should give careful attention to the needs of developing arts groups of special merit which may not be able initially to adhere fully to the matching principle but are otherwise deemed worthy of support.

Information about the Endowment and its programs is contained in the Endowment's *Guide to Programs* which is available from:

Introduction

The Museum Program of the National Endowment for the Arts is designed to meet the evolving needs of the museum field through assistance for projects primarily of artistic significance. It is guided by three basic policies:

- All museums are eligible to receive funds for projects primarily of artistic significance.
- The quality of a project, not the size or location of the applicant institution, is the major criterion used in evaluating applications. Projects should be of the highest artistic level on a national or regional basis.
- The program will be responsive and remain flexible enough to consider any worthwhile project.

We Fund

- Museums.
- Organizations that perform museum functions.
- Organizations that serve or cooperate with museums.
- Museum professionals.

We Do Not Fund

- New construction.
- Major structural modifications of buildings. (See Challenge Grant guidelines for information on the eligibility of these projects.)

Important Information

Please read this booklet carefully. Be sure to review the information on this and the following three pages before reading the category descriptions. Applicants may submit more than one application in each category.

Organizations applying for support should consult both the general instructions on how to apply (beginning on page 20) and the special application requirements that appear in each section. These requirements tell what supporting materials you will need to send with your application. Do not send these materials separately.

Individuals applying for support can find full instructions on how to apply in the "Fellowships for Museum Professionals" section.

After applications are received, they will be reviewed according to the process on page 6.

If you have questions or need any help with your application, write or phone:

While accreditation by the American Association of Museums is not an eligibility requirement, the Endowment generally uses the definition of museums developed by the AAM: "... a nonprofit institution essentially educational or aesthetic in purpose with professional staff, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on some regular schedule."

In addition to museums, organizations that serve museums, organizations that perform museum functions, state arts agencies, and regional arts organizations are also eligible to apply to the Museum Program.

Grantee organizations must meet the legal requirements on page 18.

In general, organizations should be in operation two years prior to submitting an application.

Former grantees who have not submitted the final reports required under the category for which they are applying will not be eligible for support. See the specific requirements under each category.

Individuals

Only currently employed museum professionals may apply for fellowships. Applicants must be U.S. citizens or permanent residents of the United States.

Former grantees who have not submitted the final reports required under Fellowships for Museum Professionals will not be eligible for support. See page 13.

Preparing Your Application

The application form and the supplementary information sheets at the back of this booklet are the primary materials that advisory panelists use in evaluating applications. Please complete all items on these forms clearly and concisely, *using the space allotted on the forms*. More in-depth descriptive information and resumes may also be included as part of your overall application package, but in most instances these additional items will be used as back-up material only. Please summarize resumes in the space provided, as instructed. Use standard-size type on all your application materials. Do not use photoreduction to try to fit more words onto the forms.

Try to avoid using jargon. The review process is greatly assisted by the use of simple language, which enables a direct and fair assessment of the project.

Applications for projects that address highly specialized subjects, artists, or works that are not well-known should be accompanied by written materials or slides that will enable panelists reviewing the applications to make adequate judgments. If you have questions about the need for such supplementary material, please write or call the Museum Program.

Scope of Projects

The Endowment welcomes the vitality of new projects and activities. Grants are awarded for specific projects, not for general operating support. Do not plan new programs that are beyond your means or that can only be sustained with continued Endowment funding.

Grant Amounts

Applicants notified that a grant has been recommended at less than the amount requested may be asked to revise the project budget. The revision may involve a reduction in the scope of activities and/or an adjustment of the budget to include increased funds from non-Endowment sources.

Matching Funds

A grant may be used to pay no more than half the cost of any project. Each grantee must match the funds on at least a dollar-for-dollar basis. The required matching funds should come from cash contributions, earned income, or other grants. In-kind contributions (such as donated space, supplies, and services) may be used as part of the match. Applicants are urged to seek support from private sources as well as from their state and local governments.

Funds from other federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.

Fellowships to individuals are made on a non-matching basis.

Continuing Support

Panelists annually review all applications on their merit, and in competition with other applications in the same category. An award granted one year does not imply Endowment support in subsequent years.

Final Reports

At the end of the grant period, the Endowment requires final reports from all grantees. If you receive a grant, complete instructions on final reporting will accompany the grant letter. In some categories, the status of active grants you have received will be taken into account in the review of your application.

Grantees who fail to submit the required final reports are not eligible to apply for funding.

**Acknowledgment of Endowment
Support**

If you receive a grant, all published materials and announcements regarding the project must credit the Endowment. If the Arts Endowment is listed as one of a number of donors, its placement in the list should have an appropriate relationship to other sources of support.

Note on Publications

The National Endowment for the Arts strongly encourages grantees who produce books or other publications for dissemination to take advantage of the free cataloging service of the Cataloging-in-Publication Division of the Library of Congress.

Cataloging-in-Publication provides publishers with cataloging data to be printed in the book. Having the data in the book speeds the library cataloging process and gets the book into immediate circulation—to the benefit of author, publisher, and reader.

Application Review

Applications within each funding category are reviewed as a group without reference to applications in other categories so that an institution will not be competing against itself by submitting applications in more than one category.

After applications are received, they are checked for completeness by the Museum Program staff, and then reviewed by the Museum Panel, a rotating committee of experts from the museum field. Following panel review, the National Council on the Arts makes recommendations to the Chairman of the National Endowment for the Arts for final decision. Applicants are then notified. Please do not seek information on the status of your application. You will be notified in accordance with the Application Calendar inside the front cover of these guidelines.

After receiving notification that a grant has been awarded, a grantee may apply for full or partial payment, depending on the nature and schedule of the project.

All inquiries about grants and application procedures should be directed to the Museum Program.

Late applications will not be considered. Incomplete applications will be jeopardized in the review process.

**Changes in the Fiscal Year
1985 Guidelines**

Applicants should take special note of the major guideline changes outlined below. Since there are other changes as well, applicants are urged to read these guidelines carefully.

7

1. Former grantees who have not submitted final reports required under the category for which they are now applying will not be eligible for support. See the specific requirements under each category.
 2. 90 copies of publications funded under the Special Exhibitions, Utilization of Museum Resources, and Catalogue categories must be provided to the U.S.I.A. (instead of 80, as previously required) for distribution to its libraries abroad.
-

Categories of Funding

Special Exhibitions

This category is designed to help museums and other organizations develop, tour, or participate in exhibitions of borrowed works primarily of artistic significance. Grants may be used to pay for:

- Planning and organizing an exhibition.
- Services of an outside specialist.
- Shipping, insurance, and related costs.
- Installation.
- Catalogues.
- Documentation.
- Related events such as education programs, performing arts activities, and film and lecture series.
- Publicity.
- Regional touring of exhibitions by regional arts organizations and service organizations.

Organizations may submit more than one application in this category.

Organizations requesting funds to borrow exhibitions may *not* include rental fees in their applications *if* the exhibition was initially funded by the Arts Endowment. Grants may be used to pay for transportation, installation, and related events.

Exhibitions of privately owned collections generally will not be funded. Nor will exhibitions that include works by the exhibition's curator, organizers, or applicant's staff, paid or unpaid. Grants may not be used to pay for opening receptions.

Applications for support of temporary exhibitions of permanent collections or long-term loans of collections (and accompanying catalogues) should be submitted under Utilization of Museum Resources (see page 9.)

Grant Amounts and Matching Requirements

There is no grant maximum for organizing an exhibition. Grants of up to \$20,000 are available to help institutions borrow exhibitions.

Grant awards of \$50,000 or less require at least a 1:1 match; grant awards between \$50,000 and \$100,000 require a 2:1 match; and grant awards of \$100,000 or more require a 3:1 match, whether or not the Treasury Fund method is used. (See also page 19.)

Period of Support and Deadline Dates

A grant period of more than one year is allowed.

Projects should begin between October 1, 1984 and September 30, 1985. The period of support should span the amount of time necessary to plan, execute, and close out the project. See Application Calendar inside the front cover of these guidelines.

Special Application Requirements

Complete the Special Exhibitions Supplementary Information Sheets (pages 33-36) and return them with the application form.

You must include representative slides or other visual material of works to be included in the project, if they are not well-known. If in doubt, please include them.

To be eligible for support, former grantees must have submitted the required final reports for previously completed Special Exhibitions grants.

If you receive a grant for an exhibition that includes a catalogue, you must provide 90 copies of the catalogue to the U.S. Information Agency for distribution to its libraries abroad. *Be sure to account for the 90 copies in your application budget.*

This category is designed to help organizations make greater use of museum collections and other resources primarily of artistic significance. Grants are available for:

- Reinstallation: Up to \$75,000 to help museums:
 - Install works from their permanent collections.
 - Mount temporary exhibitions of their permanent collections.
 - Prepare and publish exhibition catalogues directly related to the above activities.

Grant awards of \$50,000 or less require at least a 1:1 match, and grant awards of more than \$50,000 require at least a 3:1 match, whether or not the Treasury Fund method is used. (See also page 19.)
- Collection Sharing: Up to \$75,000 for:
 - Extended loans to or from one or more museums or other organizations. Planning as well as implementation grants are available. (Applications may be submitted by the lending or borrowing institution.)
 - Touring exhibitions of their permanent collections. (Applications for exhibitions of borrowed works or works from other museums' permanent collections should be submitted under the Special Exhibitions category, page 8.)
 - Exhibition catalogues directly related to the above activities.

Grant awards of \$50,000 or less require at least a 1:1 match, and grant awards of more than \$50,000 require at least a 3:1 match, whether or not the Treasury Fund method is used. (See also page 19.)
- Education: Up to \$25,000 for:
 - Programs that make a museum's own permanent collection more widely available to the public, including museum education and outreach programs.
 - Outreach and education projects (not related to a specific special exhibition) undertaken by exhibition spaces, museums, and other organizations without permanent collections.

Grant awards must be matched on at least a 1:1 basis.

Utilization grants may be used to purchase material needed for installation. They may not, however, be used to pay for major structural modifications of a building.

Institutions seeking support for extensive conservation treatment of objects to be included in an installation should apply under Conservation (see page 11). Organizations seeking support for outreach/education projects based on special exhibitions should include the costs of such projects as part of their request under the Special Exhibitions category (see page 8.)

This category is designed to help museums conserve collections primarily of artistic significance. Works undergoing conservation treatment must be wholly owned by the applicant institution. All grants are made on at least a 1:1 matching basis. Grants are available for:

- Conservation Planning: Up to \$10,000 to help museums and other organizations plan conservation programs or plan specific treatments of collections.

Applicants must complete the Conservation Planning Supplementary Information Sheet (page 39) and return it with the application form.

- Conservation of Collections: Up to \$25,000 for:

- Treatment projects executed within a museum's own conservation facilities or by an outside facility.
- The purchase of major equipment for a conservation laboratory at a museum or regional conservation center. Requests for equipment purchase should be submitted in a separate application from requests for treatment projects. Equipment costs are the only allowable expenses in equipment purchase applications.

Each institution may submit no more than one application for treatment project(s) and one for equipment purchase under this deadline.

Applicants must complete the Conservation of Collections Supplementary Information Sheet (page 41) and return it with the application form. Please note in particular the condition/treatment reporting that must accompany these applications.

- Conservation Training: Institutions may request up to:

- \$100,000 for strengthening existing degree-granting training centers.
- \$ 10,000 for short-term training workshops for museum staff.
- \$ 10,000 for master-apprentice internship programs.

Individuals are not eligible in this category.

Applicants must complete the Conservation Training Supplementary Information Sheet (page 43) and return it with the application form.

To be eligible for support, former grantees must have submitted final reports on Conservation grants awarded prior to Fiscal Year 1982.

Period of Support
and Deadline Dates

A grant period of up to 18 months is allowed, except for conservation internships (under Conservation Training), where a longer period of support is possible. See Application Calendar inside the front cover of these guidelines.

Collection Maintenance

This category is designed to help museums preserve collections primarily of artistic significance through solving problems in the areas of climate control, security, and storage. Grants are available for two types of projects:

- Surveys: These should identify problems and recommend solutions, including a specific renovation plan and cost estimates.
- Implementation: Grants in this area support renovation projects for which careful plans and cost estimates have been developed.

Grants in this category are *not* awarded for new construction. Renovation of galleries may be supported only when directly related to climate control, security systems, or storage facilities.

(Continued on next page)

Grant Amounts and
Matching Requirements

There are no set grant amounts in this category. Grant awards for survey projects must be matched 1:1. Grant awards for implementation projects must be matched at least 1:1, with substantial projects generally requiring a higher match. Implementation grants may be made through the Treasury Fund Method (see page 19).

Period of Support
and Deadline Dates

A grant period of up to one year is allowed for survey projects. A grant period of up to two years is allowed for implementation projects. See Application Calendar inside the front cover of these guidelines.

Special Application Requirements

Complete the Collection Maintenance Supplementary Information Sheet (page 45) and return it with the application form.

To be eligible for support, former grantees must have submitted the required final reports for previously completed Collection Maintenance grants.

Special Projects

This category is designed to respond to innovative and exemplary projects that will have a broad impact on the museum field and that are not eligible under the other categories described in these Guidelines. Projects must be consistent with the purposes of the Museum Program as outlined in the Introduction on page 4. Only a limited number of projects of national or regional significance will be supported.

Organizations interested in applying must contact the Museum Program (202/682-5442) before applying.

**Professional
Development**

Museum Training

Grants in this category are awarded to support arts-related formal training programs, internships, and apprenticeships. Priority will be given to proposals that specifically include training for people from minority groups. All grants go directly to institutions, not individuals.

Projects may include formal training projects such as:

- Formal continuing education programs, including workshops and seminars directed to mid-career professional training and development.
- Undergraduate- or graduate-level programs in curatorial training, museum administration, exhibit preparation and design, or museum education, conducted jointly by museums and universities, especially those for minorities or in special disciplines.

And:

- Internships provided by a museum.
- Apprenticeships to prepare students or staff for positions such as installer, preparator, framer, packer, and carpenter.

Grant Amounts and
Matching Requirements

Grant awards of up to \$60,000 requiring a 3:1 match are available for formal training programs.

Grant awards of up to \$20,000 with a 1:1 match are available for support of internships and apprenticeships. These grants (Endowment and matching funds) may be used for stipend support and travel only; no other costs are allowable.

Period of Support
and Deadline Dates

A grant period of up to two years is allowed for formal training programs. A grant period of up to one year is allowed for other types of projects. See Application Calendar inside the front cover of these guidelines.

Special Application Requirements

Complete the Museum Training/Formal Training Programs Supplementary Information Sheet (see page 47) or the Museum Training/Internships and Apprenticeships Supplementary Information Sheet (see page 48), whichever is appropriate, and return it with the application form.

To be eligible for support, former grantees must have submitted the required final reports for previously completed Museum Training grants.

Museum Sabbaticals

This category is designed to help museums develop and implement programs of sabbatical leaves for professional staff members. Endowment funds may be used to help cover the expenses of the sabbaticals and/or to help museums fund temporary replacements while staff is away. Grants in this category, however, may not overlap with funds provided under Fellowships for Museum Professionals.

Support in this category is intended to help museums develop their own *ongoing sabbatical programs* rather than provide a single sabbatical. Each sabbatical should cover at least two non-vacation months.

It is anticipated that a limited number of grants will be awarded. The quality of the applicant institution and the merit of the proposed sabbatical program will be primary considerations in the review of applications.

Grant Amounts and Matching Requirements

Grant awards of up to \$25,000 per museum are available. All grants will be made on a 1:1 matching basis. The nature of the proposed program, particularly the number of individuals to be involved and the length of the sabbaticals, will help determine grant amounts. It is anticipated that funding at or near the maximum level would be made only for programs providing sabbaticals to at least three staff members. These sabbaticals would not have to be concurrent, but could be scheduled over a period of up to three years.

Period of Support and Deadline Dates

A grant period of up to three years is allowed. Museums may, for example, schedule one sabbatical a year over a three-year period. See Application Calendar inside the front cover of these guidelines.

Special Application Requirements

In Section IV of the application form, describe: 1) your museum's overall plan for a sabbatical program, including selection policies and procedures; 2) the positions and salaries of staff members who would be eligible for sabbaticals; 3) the length of time each sabbatical would last and the overall schedule for all proposed sabbaticals; 4) the special uses to which the museum would put Endowment funds; and 5) plans to continue the program beyond the period of Endowment support.

Also note on the application form if any members of your museum staff have applied or intend to apply this year for a Fellowship for Museum Professionals. Application by your institution under this category will not preclude consideration of your museum's staff members under the fellowship category. Individuals, however, may not receive concurrent support under both categories.

To be eligible for support, former grantees must have submitted the required final reports for previously completed Museum Sabbaticals grants.

Fellowships for Museum Professionals

This category allows museum professionals to conduct arts-related independent study or to travel, write, engage in community projects, or otherwise improve their professional qualifications. Leaves of absence may range from one to 12 months.

Fellowships are *not* awarded to cover study or research directed toward a graduate degree or expenses incurred in formal courses of study, workshops, seminars, or conferences.

Eligibility

Only currently employed professionals who have served on a museum staff for at least one year may apply.

Applicants must be U.S. citizens or permanent residents of the United States.

To be eligible for support, former grantees must have submitted the required final reports for previously completed Fellowship for Museum Professionals grants.

Grant Amounts and Matching Requirements

Fellowships will not exceed \$10,000 and most will be for considerably less. Amounts will be based on travel requirements and need for materials. In most cases, salary support will not be included in the fellowships; institutional support in the form of continued salary is encouraged. Fellowships need not be matched.

(Continued on next page)

Period of Support
and Deadline Dates

A fellowship period of one to 12 months is allowed. See Application Calendar inside the front cover of these guidelines.

How to Apply

Send three copies of the Individual Grant Application Form NEA-2 (Rev.) to:

Grants Office/MM
National Endowment for the Arts
1100 Pennsylvania Avenue, N.W.
Washington, D.C. 20506

One copy must be the typed, signed original. One blank form begins on page 51 of these guidelines.

Your proposal must clearly demonstrate how a leave of absence will improve your professional qualifications. Summarize what you plan to do during the fellowship period in the space labeled "Description of proposed activity" on the application form. If necessary, one additional sheet (8½" × 11") may be used to provide detail.

Attach to your application an itemized budget including travel costs (a detailed breakdown), costs of materials, and salary, if relevant.

The "Career summary or background" section of your application should relate directly to the activity for which support is requested. You may attach a resume instead of completing this item.

Special Application Requirements

Submit with your application a statement from the director, or, if the applicant is the director, the chairman of the board of your institution that:

- Grants you a leave of absence for the period of time specified in your application.
- Notes your present salary, and whether or not it will be continued, either entirely or partially, during the proposed leave. The applicant must strongly defend the need for salary support if it is included in the grant request.

Also submit with your application an application acknowledgment card found on the back cover of this booklet.

Additionally, have three individuals who are experts in the field of study provide recommendations in support of your application. These recommendations should address the merits of your proposed project and its potential effect on your professional qualifications. The individuals providing recommendations should send them directly to:

Museum Program
ATTN: Fellowships for Museum Professionals
1100 Pennsylvania Avenue, N.W.
National Endowment for the Arts
Washington, D.C. 20506

A delay in the receipt of these recommendations will jeopardize the processing of your application.

Taxability of Fellowships

The Internal Revenue Code provides that certain fellowships to individuals who are not candidates for degrees are tax deductible, but only up to a certain amount and for a limited period of time. The Endowment cannot advise you about the deductibility of all or any portion of a fellowship, should one be awarded to you. Advice should be obtained from your own tax counselor or local Internal Revenue Service office.

A pamphlet entitled "Tax Information for U.S. Scholars" is generally available at any Internal Revenue Service office. The booklet might be helpful in preparing an application for a fellowship.

Grants in this category help museums obtain visiting specialists to provide temporary consultation services for a specific project. The specialist should be a person of considerable expertise and someone not employed by the applicant institution.

Specialists may work on projects such as:

- Improving a museum's operations in areas such as administration, fiscal management, registration, and installation techniques (including lighting, handling, and storage).
- Establishing suitable museum library systems.
- Increasing and improving a museum's use of media other than print, such as film, video, radio, and television.
- Improving education and public service programs, including those for minority communities.

Advancement II

The Advancement II Program helps arts organizations of the highest artistic level to strengthen their long-term institutional stability and enhance artistic quality. It provides up to one year of technical assistance in planning, management, and fundraising, followed by up to two years of funding. Generally, these grants will not exceed \$85,000 over the full 3-year period and must be matched 3:1.

Current plans call for eligibility according to the following timetable:

Fiscal Year 1983: Literature, Media Arts, Opera-Musical Theater, Visual Arts;

Fiscal Year 1984: Dance, Folk Arts, Music, Theater;

Fiscal Year 1985: Design Arts, Expansion Arts, Inter-Arts, **Museums**.

Challenge Grants

Challenge Grants are designed to help cultural organizations broaden the base and increase the level of continuing support from nonfederal sources. Most recipients of Challenge Grants will be institutions that have received grants under other Arts Endowment programs. Organizations receiving Challenge Grants must match every federal dollar with at least three dollars from other sources. Matching funds must be from new sources or represent increased giving from former donors.

Application Information for Organizations

Legal Requirements

By law, the National Endowment for the Arts may support only those organizations that:

- Are tax-exempt.¹ Organizations qualifying for this status must meet the following criteria:
 - (1) No part of net earnings may benefit a private stockholder or individual;
 - (2) Donations to the organization must be allowable as a charitable contribution under Section 170(c) of the Internal Revenue Code of 1954, as amended. A copy of the IRS determination letter for tax-exempt status or of the official document identifying the applicant organization as a unit of either state or local government must be submitted with each application.
- Comply with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and, where applicable, Title IX of the Education Amendments of 1972. Title VI and Section 504 bar discrimination on the basis of race, color, national origin, or personal handicap in federally assisted projects. Title IX prohibits discrimination on the basis of sex in federally assisted education programs and activities. You must file an "Assurance of Compliance" form with the Grants Office of the National Endowment for the Arts. A form is provided at the back of these guidelines.
- Compensate professional personnel, laborers, and mechanics on Arts Endowment supported projects at no less than prevailing minimum compensation as defined by the Secretary of Labor in parts 3, 5, and 505 of Title 29 of the Code of Federal Regulations. A copy of these regulations is available from the Endowment's Grants Office upon request.

¹Generally speaking, in American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands, U.S. tax laws have an application similar to that in the United States. However, in the Commonwealth of Puerto Rico, owing to special income exemptions, the application differs. Nevertheless, in all these areas arts organizations should be aware of their need to obtain tax-exempt status in order to qualify for Endowment support. Applications and inquiries concerning this matter may be made to the Internal Revenue Service's Exempt Organization Office, 31 Hopkins Plaza, Baltimore, Maryland 21201; telephone 301/762-2590.

To Help Us Gather Information

In connection with Title VI of the Civil Rights Act of 1964,¹ the National Endowment for the Arts is seeking pertinent information and thoughtful advice concerning minority² participation in the arts. As part of this effort, we are requesting information from applicant organizations regarding minority involvement at the artistic, administrative, board, and audience/participant level. Specifically, we would be interested in learning about the racial and ethnic composition of communities served by your organization, special programs and services provided to those communities, and the present or proposed membership in any planning or advisory body connected with your organization. In addition, we welcome any ideas or suggestions which might assist efforts to strengthen and expand minority participation in the arts at all levels.

¹Title VI provides that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

²"Minority" here includes American Indian or Alaskan Native; Asian or Pacific Islander; Black, not of Hispanic origin; Hispanic; other ethnic groups.

Program Funds

Two types of grant funds are available to organizations applying under these guidelines: Program Funds and Treasury Funds. They are both explained below.

Program Fund grants to organizations usually must be matched at least dollar-for-dollar by nonfederal funds. Applicants must show (in Section X of the Organization Grant Application Form) that at least half the cost of the project will be met by the applicant. Anticipated sources of matching funds must be identified. Budgeted funds, as well as newly raised funds, generally may be used to match the Endowment grant.

Treasury Funds

Treasury Fund grants, designed to help applicants increase or sustain nonfederal contributions, generally must be matched with at least three nonfederal dollars for each federal dollar. They are not available for projects or in amounts different from those specified in the regular guidelines for each program.

The process of applying for and receiving Treasury Fund grants is similar to that for Program Fund grants. The amount requested from the Endowment, however, may not exceed 25% of the total project cost. Additionally, release of the federal funds is contingent upon an applicant's securing, and documenting for the Endowment, private donations at least equal to the amount of federal funds.

In the past, Endowment Treasury Fund grants were made up of one half federal funds and one half private donations. The private donations were actually made to the Endowment, restricted for the use of the applicant organization. Now, donations may be made directly to the applicant, and documented for the Endowment in accordance with instructions that will accompany the grant award letter. The Endowment's Treasury Fund grants will be federal funds only. (In some cases, gifts may still be made directly to the Endowment on behalf of a specific organization or program.)

Organizations applying for a Treasury Fund grant should so indicate in Section VII of the Organization Grant Application Form. If the applicant is recommended for a Treasury Fund grant, the Endowment funds will be released only upon receipt at the Endowment of documentation that the organization has secured a pledge or donation for private funds at least equalling the federal monies. The Endowment Treasury Fund grant (all federal funds) must be matched at least dollar-for-dollar by this documented pledge or donation to the grantee organization; the "doubled" amount ($\frac{1}{2}$ federal funds; $\frac{1}{2}$ private gift) must in turn be matched at least dollar-for-dollar by the grantee, from earned or other contributed income or a mixture of both.

For example:

Donor's restricted gift to applicant recommended for a grant	\$20,000
Amount released from Treasury Fund and total Endowment grant	\$20,000
Additional matching funds	\$40,000
Minimum total project cost	\$80,000

Organizations interested in applying for a Treasury Fund grant are urged to contact the Museum Program before applying.

Organizations must send the following materials, as well as those listed in "Special Application Requirements" for their category, under one cover to:

Grants Office/MM
National Endowments for the Arts
1100 Pennsylvania Avenue, N.W.
Washington, D.C. 20506

1. **Three copies** of the Organization Grant Application Form NEA-3 (Rev.). One copy must be the typed, signed original. See page 21 for specific instructions on completing this form.
2. A copy of the Internal Revenue Service determination letter for tax-exempt status or the official document identifying the applicant as a unit of state or local government.
3. The Assurance of Compliance Form on page 31. All applicants must submit a completed form whether or not one has been submitted previously.
4. One of the self-addressed application acknowledgment cards on the back cover of these Guidelines.

Only the Grant Application Form and the appropriate Supplementary Information Sheet must be submitted in triplicate. If you are including other supplementary materials, submit only one copy.

Materials submitted to the Endowment generally will not be returned to the applicant. If you are submitting materials which are expensive or difficult to replace, please contact the Museum Program before applying.

(Individuals should refer to "Fellowships for Museum Professionals" on page 13 for instructions on how to apply.)

I. Applicant organization. The name as provided here must be identical to that in the IRS determination letter for tax/exempt status or in the official document identifying the organization as a unit of either state or local government.

II. Category under which support is requested. Please indicate the appropriate category:

Special Exhibitions	Special Projects
Utilization of Museum Resources	Museum Training
Catalogue	Museum Sabbaticals
Conservation	Visiting Specialists
Collection Maintenance	

III. Period of support requested is the span of time necessary to plan, execute, and close out the proposed project.

IV. Summary of project. Use only the space provided to specify clearly how the requested funds will be spent. Use standard size type; do not photoreduce.

V. Estimated number of persons expected to benefit from this project is the total audience members, participants, students, or others (excluding employees and performers) who are anticipated to benefit directly.

VI. Summary of estimated costs is a recapitulation of direct costs as shown on the second and third pages of the application form. See instruction IX for further explanation.

VII. Total amount requested from the National Endowment for the Arts. The amount requested should be rounded to the nearest \$10. As these are matching grants, the amount shown here should not be more than 50% of the Total Project Costs in Section VI.

If the application is for a Treasury Fund grant, the amount shown here should not be more than 25% of the Total Project Costs. Treasury Fund applicants should read carefully the information on page 19.

This total amount requested from the Endowment should, when added to the total cited in Section X ("Total Contributions, Grants, and Revenues"), equal the total cost of the project.

VIII. Organization total fiscal activity.

A. Expenses should include Arts Endowment projects funded and anticipated.

B. Revenues, grants & contributions should include Endowment grants received and anticipated.

Units of larger organizations, such as university museums, should show the fiscal activity of the unit only and not that of the parent organization.

IX. Budget breakdown of summary of estimated costs.

A. Direct costs are those which can be specifically identified with the project.

- 1. Salaries and wages** must be estimated at rates no less than the prevailing minimum compensation as set out in the Code of Federal Regulations. Copies will be sent on request. Fringe benefits may be included here only if not included as indirect costs.

**Instructions for Completing

2. **Supplies and materials** include consumable supplies, raw materials for the fabrication of project items, and items costing less than \$500 with an estimated useful life of less than two years.
 3. **Travel** must be estimated according to the applicant's established travel practice, providing that the travel cost is reasonable and all travelers use transportation costing no more than air coach accommodations. Foreign travel, if any is intended, must be specified in this section.
 4. **Permanent equipment** includes purchased equipment costing over \$500 with an estimated useful life of two or more years. Written justification should include a brief description of the items. The Endowment has a general policy against support of capital improvements and major construction.
 5. **Other** includes consultant and artist fees, honoraria, contractual services, rental of space or equipment, postage, photocopying, telephone, and transportation of items other than personnel. With consultant and artist fees, honoraria, or contracts for personal or professional services, please specify number of persons and applicable fee, rate, or amount of each. For films, catalogues, and other major expenses, provide a breakdown of costs. Do not include entertainment, fines and penalties, bad debt costs, contingencies, or costs incurred before the beginning of the official grant period.
- B. Indirect costs** are those costs incurred for common or joint objectives and not readily assignable to specific activities. They may be computed by the application of an indirect cost rate established as a result of negotiation with the National Endowment for the Arts Audit Office, 1100 Pennsylvania Avenue, N.W., Washington, D.C. 20506, or another federal agency. A copy of the agreement must accompany the application.
- X. Contributions, grants, and revenues.** The Arts Endowment generally requires each applicant to obtain at least half the total cost of each project from nonfederal sources. Specify all sources of matching funds. Funds from other federal agencies that also fund museums may not be used to match Arts Endowment Museum Program grants.
- A. Contributions:**
1. **Cash** donations anticipated for the project, and
 2. **In-kind contributions** at the fair-market value of essential items that are wholly or partially consumed on the project. In-kind contributions must also be reflected in the total project cost.
- B. Grants** include all or a pro rata share of anticipated grants either wholly or partially restricted for use on this project. (Do not include the grant requested by this application.) A grant is generally characterized by written authority to spend up to a specified amount of money for a specified purpose.
- C. Revenues** include all other funds, regardless of source, expected to be used on this project.
- XI. State Arts Agency notification.** The Endowment urges each applicant to advise his or her state arts agency that this application is being made.
- XII. Application to Other Federal Funding Sources.** Indicate any federal sources to which you have applied or intend to apply for support of the project or program outlined in your application.
- XIII. Certification** The application must be signed by an official of the applicant organization with legal authority to obligate the organization.

31

_____ (hereafter called the "Applicant")
Hereby Agrees that it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and, where applicable, Title IX of the Education Amendment of 1972 (20 U.S.C. 1681 et seq.) and all regulations of the National Endowment for the Arts issued pursuant to these statutes. Title VI, Section 504, and Title IX prohibit discrimination on the basis of race, color, national origin, handicap, or sex in any program or activity receiving Endowment support. The Applicant **Hereby Gives Assurance** that it immediately will take any measures necessary to comply.

This assurance shall obligate the Applicant for the period during which the federal financial assistance is extended. There are two exceptions. If any personal property is acquired with Endowment assistance, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of that property. If any real property or structure is improved with Endowment support, this assurance shall obligate the Applicant or any transferee for as long as the property or structure is used for the grant or similar purposes.

This includes payments after such date for financial assistance approved before such date. The Applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in this assurance, and that the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Applicant, its successors, transferees, and assignees, and on the authorized official whose signature appears below.

Assurance Explanation

Title VI of the Civil Rights Act of 1964 provides that no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity receiving federal financial assistance. Section 504 of the Rehabilitation Act of 1973 provides for nondiscrimination in federally assisted programs on the basis of handicap. Subject to certain exceptions, Title IX of the Education Amendments of 1972 prohibits the exclusion of persons on the basis of sex from any education program or activity receiving federal financial assistance.

As a condition to approval of a grant, Arts Endowment regulations require all organizational applicants to execute the "Assurance of Compliance" form, whether or not a comparable form has been filed with another agency.

The Applicant referred to in the form is the organization itself, whose chief executive officer or comparable official should sign. The name and title of the organization and of the official should be typed on the form. The signed original should be returned with other required materials to the Arts Endowment's Grants Office. It should be noted that signing this form indicates a commitment to comply with the three statutes referred to herein.

Please complete this form and return it in triplicate with your application.
